

# UNILATERAL JURISDICTION AND GLOBAL VALUES

*Utrecht, 18 June 2018*

*Paushuize, Kromme Nieuwegracht 49, 3512 HE Utrecht*

**Registration:** Email [secretariaat.ier@uu.nl](mailto:secretariaat.ier@uu.nl)

**Utrecht University**

**European Research Council**

Established by the European Commission

Since 2013, a research project has been run at Utrecht University on ‘unilateral jurisdiction and global values’ (UNIJURIS), headed by Prof. Cedric Ryngaert. The project will present its results at a conference in Utrecht on 18 June 2018. The project has systematically mapped and critically analysed assertions of state (and EU) jurisdiction with an extraterritorial dimension, from a public international law perspective. The project has examined jurisdictional assertions in a considerable number of issue areas, in particular fisheries, marine pollution, business and human rights, climate change, anti-corruption, data protection, and cybercrime. The eight researchers involved in the project will present their findings, after which academic experts and practitioners will comment. See for more information on the project: <https://unijuris.sites.uu.nl/>.

# Programme

## Morning Session

8:30-9:00 Registration and coffee

9:00-9:20 Welcome and general issues by **Prof Cedric Ryngaert** (Utrecht University)
